Maturity Estimate

End of Year	Total Premium Paid	Maturity Estimate
10	1,200,000.00	1,725,067.20

NOTE: The above table shows the maturity estimates that are only payable at the end of the policy term. Bonuses are applied on Sum Assured on a simple interest basis.

Notes

1. The maturity estimate is made up of the Sum Assured and bonuses which vary year on year depending on market performance.
2. Cashing out the policy is possible after you have paid a minimum amount of premium as stated in the Policy Document. Cashing out early will result in receiving less than the total premiums paid.
3. The death benefit will be the Sum Assured and annual bonuses, if applicable. For policies with a Waiver of Premium, ICEA LION Life Assurance will waive premium and the policy will continue to the end of the policy term.
4. The premium quoted is subject to the completion and submission of a proposal form. A medical report may be required in some cases.
5. As part of our compliance with Anti-Money Laundering (AML) Laws, we may require you to fill in a financial questionnaire. Additionally, the Company will regularly review your premium payments and may require additional AML documentation from you.
6. The quotation is valid for three (3) months, provided that the age of the next birthday remains the same as at the time the quotation was issued.

Provisions

1. For a Last Expense Rider, where applicable, the last expense benefit will be paid within 48 hours of receiving notification, during normal working hours (8am and 5pm except for weekends and public holidays), upon the provision of proof of death documentation, that is, a burial permit.
2. For an Accidental Death Benefit Rider, where applicable, the accidental death benefit equals the basic sum assured if the death of the insured results from an accident as defined in the policy.
3. For a Permanent and Total Disability (PTD) Rider, where applicable, the PTD benefit is payable if an accidental or an illness related disability is confirmed by a qualified medical practitioner to be irreversible. The rider ends at age 70, meaning coverage stops, and no further premiums will be required after that age.
4. For a Critical Illness (CI) Rider, where applicable, the CI benefit is payable if the listed illness is confirmed by a qualified medical practitioner and it is on first diagnosis. The rider ends at age 70, meaning coverage stops, and no further premiums will be required after that age.
